## JETFLOW SJMF

### EC In-line Mixed Flow Circular Fan

Compact EC in-line mixed flow fan, designed specifically for use with rigid or flexible ductwork. Perfect for residential, industrial and commercial installations.

#### IMPROVES INDOOR AIR QUALITY

Better health and reduced heating costs.

Available in 7 sizes from 100mm – 355mm.

High performance and energy efficient brushless EC motor results in low SFP.

Integrated mounting foot simplifies installation.

Easy control with industry-standard 0-10v connection. Allows quick connection to sensors and run-on timers.

## FEATURES & BENEFITS

- **EC brushless motor** means even at full speed, its performance is smooth, quiet and super efficient.
- **Double mixed flow impeller** produces strong pressure at any speed, allowing the fan to be slowed down and deliver the exact performance needed. This reduces heat loss through over-ventilation.
- **Detachable Bracket** on models 150 to 315mm for ease of installation.
- **Speed controllable** and can be paired with optional accessories and sensors for complete control.
- **Easy Installation;** fitted with a 1.5 metre mains lead complete with UK 3-pin plug. Convenient for connecting to electrical sockets and providing a means of isolation/disconnection.
- **Low power consumption** at high performance resulting in Low Specific Fan Powers for Building Regulation Compliance.
- **2 year warranty,** for full details, visit [www.eltatrade.co.uk](http://www.eltatrade.co.uk).

## PERFORMANCE DATA

JETFLOW SJMF	100	125	150	200	250	315	355
<b>Airflow L/s (m³/h) @ 100pa</b>	48 (173)	68 (245)	130 (468)	253 (911)	427 (1538)	773 (2783)	1140 (4104)
<b>Power W</b>	21	27	49	100	172	375	538
<b>Sound Pressure dB(A) @ 3m</b>	47	48	51	52	56	62	66
<b>Volts   Hertz</b>	220-240   50/60						
<b>Max Ambient Temperature °C   Degree of Protection</b>	60   IPX4
